MEMORANDUM FOR Commander, HHC, 150th Engineer Battalion, 1551 65th Avenue South, Meridian, MS 39307-7024

SUBJECT: Distinctive Unit Insignia for 150th Engineer Battalion, Mississippi Army National Guard

1. The distinctive unit insignia redesignated effective 5 October 2016, for the 150th Engineer Battalion with the symbolism updated, was **originally approved** for the Special Troops Battalion, 155th Armored Brigade Combat Team by letter AAHS-IHS, The Institute of Heraldry, 18 April 2008.
2. The description and symbolism of the design are as follows:

DESCRIPTION

A Silver color metal and enamel device 1 3/16 inches (3.02 cm) in width overall blazoned as follows: Azure, a pale breasted and double-parted Argent surmounted by a gauntlet closed, palm inward Argent (Silver Gray), charged on the sleeve with two mullets in pale Gules; on a chief of the like, ajourné of the third, a bowie knife fesswise, point to dexter of the last. Attached below a Red scroll inscribed "HONOR IS OUR STRENGTH" in Silver.

SYMBOLISM

Red, white, and blue are the nation's colors and the colors of the Mississippi flag. The pale parted suggests railroad tracks, denoting the City of Meridian, which was founded at the junction of several railroad lines and the home state of the Brigade. The gauntlet represents strength and symbolizes the call sign used by the Headquarters, "Knight." The stars signify the Battalion's combat deployment during World War II and Operation Iraqi Freedom. The chief with the separations illustrates the battlements of a castle and suggests the former Special Troops Battalion's lineage to the 150th Engineer Battalion. The four merlons commemorate the four soldiers of the 150th Engineer who lost their lives during Operation Iraqi Freedom: MSG Sean Cooley, SGT Robert McNail, SSG Larry Arnold and SGT Terrence Lee. The bowie knife indicates the former Battalion's association to the 155th Armored Brigade Combat Team.
