Why didn't you tell me this when I was in SC? This is a lot to take in. I never thought I would hear such words from you in reference to me in this nature. I have so much on my mind at this point. Career change, health complications, family issues, and a mortgage. It would be selfish and unrealistic of me to expect or ask of you to make so many changes.

in your life to come into something that is not stable at this time. I don't know what my future holds for me at this time and I'm somewhat concerned. I don't want to bring you into my chaos, that too much to ask of anyone in my opinion. For the record, you're in my thoughts! I miss conversing with you.

What do you have planned for your birthday? I hope you have a memorable one. What is your address?

You have my understanding but I would feel a lot better if I could hear your voice. Rico, you are so special to me. I just want to be in your life. I don't want you to shut me out. Please call me. If you don't I will be really mad besides my birthday is Thursday. I better hear from you.
