<p>The Freight Rate (\$0.0285) should be added to the Adjustment Type markup (based differential of 14.54 cag). Total amount of the differential (including the freight) is 17.39 cag. The five-day average will be based upon the previous week's five days of Platt's actual posting (Monday to Friday). If there is any posting missing due to holidays, the average will be calculated by including the previous known posting to the holiday (always using 5 days). Fuel Orders must be placed through email, by noon on working days (Monday - Friday) the day before the delivery. Deliveries will be made on Saturday and Sunday.</p>
